

## **Hellenic Sacred Center Chant**

*- Caduceus Carasidhe*

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind

Omphalos  
from the Underworld you hail  
center of our world  
symbol of the Mother

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind

Ancient Well  
flowing from the Okenaeids  
carry with you our thoughts  
keep our memories

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind

Mighty Flame  
gift of Prometheus  
burning ever bright  
reaching to the sky

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind

The fire is our heart  
the water is our mind  
the stone connects us to the earth  
our souls they do bind
